MEMORANDUM

TO: Intermediate School District Directors of Special Education

FROM: Jacquelyn J. Thompson, Ph.D., Director

Office of Special Education and Early Intervention Services

DATE: February 9, 2005

SUBJECT: Validation of Section 53a Pupils for the February 2005

Pupil Count Date

Section 53a of the State School Aid Act provides 100 percent reimbursement of the added cost for eligible pupils. Intermediate school districts (ISDs) are to coordinate the process of determining which pupils within their ISD and constituent local education agencies or districts are eligible.

Attached is the list of Section 53a pupils validated by the Michigan Department of Education for the September 2004 Count from your intermediate and constituent local districts.

The process for validating Section 53a pupils for the February 2005 Pupil Count is as follows:

- 1) Compare the attached 2004-05 September list of validated Section 53a pupils with your 2004-05 February Section 53a pupil enrollment as reported on the DS-4061, State Aid FTE Count Worksheet A.
- 2) Make any deletions or corrections in red on the 2004-05 September list of pupils. If no deletions or corrections are necessary, please indicate so on the list and return the list to the Department.
- 3) For any new pupils *not* on the 2004-05 September list, complete the enclosed form and attach the following documentation:

Memorandum to ISD Directors February 9, 2005 Page 2

NOTE: Pupils must be eligible for membership to be claimed as Section 53a on the February 2005 Pupil Count Date and not in a program with a federally funded teacher under the Individuals with Disabilities Education Act (IDEA).

- a) The name, age, and special education FTE for each pupil.
- b) For court or state agency placed pupils, attach either court or state agency documents verifying the pupil was placed by the agency and the pupil lived in another ISD when coming under the jurisdiction of the court or state agency.
- c) For pupils who were former residents of Department of Community Health (DCH) Institutions for the Developmentally Disabled placed in community settings, attach written verification from DCH/Community Mental Health (CMH) that the pupil was a resident of a DCH institution and the dates, both beginning and ending, that the pupil was institutionalized.
- d) For parent placed pupils, attach the parents' address and school district of residence at the time of placement and a statement signed by the parent indicating the placement was made for the purpose of providing a suitable home.
- e) For pupils residing in DCH institutions, attach copies of Worksheet A from the DS-4061 form.
- 4) Return the September 2004-05 list with or without changes, the necessary required documentation, and **COPIES OF YOUR DS-4061 A-WORKSHEETS** to the following address by April 11, 2005:

Dianne Easterling
Office of Special Education and
Early Intervention Services
Michigan Department of Education
P.O. Box 30008
Lansing, Michigan 48909

Also attached for your reference is the criteria for validating Section 53a pupils. If you have questions or need further information, please contact Ms. Dianne Easterling at (517) 241-4517.

CRITERIA AND PROCEDURES FOR DETERMINING ELIGIBILITY AND COUNTING PUPILS FOR SECTION 53a FUNDING

The following information is required to verify eligibility of special education pupils to be counted for Section 53a on the DS-4061. Verification must be sent to the intermediate school district (ISD) for each pupil whose name is listed on the A Worksheets. The ISD will check the information, keep it on file, and provide it to the Department of Education upon request.

1. Court or state agency placed pupils.

A letter from the court or state agency on agency letterhead is required. The letter must contain sufficient information to verify the pupil lived in another ISD at the time the pupil came under the jurisdiction of the court or state agency. This will require the address where the parents lived, when the pupil came under the jurisdiction of the court or state agency, and verification that the court or state agency placed the pupil at the present location. This may be documented by supplying a copy of the court order or individualized service agreement from the Family Independence Agency (FIA).

While the Department of Education prefers copies of the court order or FIA individualized service agreement be submitted, other forms of documentation may be acceptable provided the Department is able to discern that the court or FIA is the agency making, and responsible for, the placement of the pupil. This documentation must also meet the qualifications listed in the above paragraph.

Pupils placed by a Care Management Organization (CMO) from Wayne County are eligible as Section 53a provided that such youth are placed as consent or accepted cases. Documentation required to validate these pupils is both the initial court order and the CMO individual service agreement with the contracting provider.

Examples of Care Management Organizations are:

Black Family Development Bridgeway Central Care Management Organization Growth Works Starr/Vista

Pupils placed by private agencies, such as Catholic Family Services or Lutheran Social Services, and pupils placed by Community Mental Health Boards **do not qualify** under this category unless there is evidence that they are wards of the state and placed by the agency on behalf of the court or state agency.

2. Pupils residing in institutions operated by the Department of Community Health.

Provide verification to the ISD that the pupil was a resident of a Department of Community Health (DCH) Institution for the Developmentally Disabled. A list of these institutions is attached. Such verification would include written confirmation from the DCH or the Community Mental Health Board that the pupil was a resident of a DCH institution and the dates the pupil was institutionalized. The letter containing the dates of institutionalization needs to verify pupil was fully institutionalized in the facility on the pupil count day.

3. Pupils who are former residents of DCH Institutions for the Developmentally Disabled who are placed in community settings other than the pupil's home.

Provide verification to the ISD that the pupil was a resident of a DCH Institution for the Developmentally Disabled. A list of these institutions is attached. Such verification would include written confirmation from the DCH or the Community Mental Health Board that the pupil was a resident of a DCH institution and the dates the pupil was institutionalized.

Pupils who only received diagnostic services, counseling, placement, or respite care **do not qualify** under this section.

4. Parent placed pupils.

The term "parent" is defined in R340.1701a(h) as follows:

"Parent" means mother, father, or legally designated guardian of the handicapped person. "Parent" also means the affected handicapped person when the person reaches 18 years of age, if a legal guardian has not been appointed by appropriate court proceedings.

Parent placed pupils qualify for Section 53a if the placement was for the purpose of providing

a suitable home and the parent resides in another ISD. Verification of such placement will include the pupil's birthdate, the parent's name, address and school district of residence, and the statement that the placement was for the purpose of providing a suitable home. This information must be signed by the parent.

The following pupils do not qualify:

- a) Pupils over the age of 18, unless there is documentation that the court has established a full legal guardian who is a resident of another ISD.
- b) Pupils placed for the purpose of seeking a suitable education (the pupil is only residing in the district during the school year, the parent says they placed the pupil for educational purposes, or a guardian has been assigned to oversee the pupil's education). This also includes pupils placed in a district for a day program who live in another district at night.
- c) Pupils placed for the purpose of adoption or pupils who have been adopted.

WORKSHEET A GENERAL INSTRUCTIONS

General Instructions:

- 1. Enter the teacher's name and circle the appropriate reimbursement code of that teacher.
- 2. Enter the educating district's name and school code number. Enter the appropriate building name.
- 3. Check yes or no if the program is a center program as defined in Section 6. Section 6(1) of the State School Aid Act defines a center program as follows:

Sec. 6. (1) "Center program" means a program operated by a district or intermediate district for special education pupils from several districts in programs for the autistically impaired, trainable mentally impaired, severely mentally impaired, severely multiply impaired, hearing impaired, physically and otherwise health impaired, and visually impaired. Programs for emotionally impaired pupils housed in buildings that do not serve regular education pupils shall also qualify. Unless otherwise approved by the department, a center program either shall serve all constituent districts within an intermediate district or shall serve several districts with less than 50% of the pupils residing in the operating district.

Column Instructions:

Column 1: List students in alphabetical order, last names first.

Column 2: This column has been added to allow districts to identify nonresident pupils. This column is optional. If the district has another method of tracking the FTE of non-resident pupils, inform teachers to skip column 2.

Column 3: List the special education FTE in this column. You may prorate to either tenths (0.0) or hundredths (0.00) but be consistent. This is determined by the ratio of time spent in special education programs to the total program of the pupil. Use the clock hours of a normal school week as the denominator. Hours spent in special education basic classroom programs are the numerator.

Column 4 List the number of hours in FTE that each student spends in general education according to the assigned general education grade level.

Column 17:

Column 18: List the total FTE in both general and special education basic classroom program, column 3 through 17.

Column 19: Indicate students' age at last birthday.

Figure column totals. Line totals in column 3 through 17 equal totals in column 18. Column 19 total is not transferred to any other page.

The total in column 3 is summed with all the A worksheets of the same teacher reimbursement code and transferred to the special education page column 1 under the appropriate reimbursement code.
